The Winding Road Trust wishes to support you to achieve your potential both academically and in your wider areas of interest and involvement. We want to encourage you to become a leader in the community through the standards you set yourself and the vision you aspire to.

This Personal Development Plan helps us to understand what you want to achieve. The written plan becomes your guideline for the coming year and enables us to match your requests for assistance (both financial and non-financial) with the objectives you have set for yourself.

For your scholarship to continue, it is important that you return the completed Plan to us by the beginning of February each year for your scholarship to continue.

Please return your Personal Development Plan together with a copy of your previous year's academic results to:
